

SPARTAN SPAS

The **Spartan** adds a new dimension to rotationally molded spas. It combines styling, comfort, ambience, serviceability and exceptional massage all in one truly portable and affordable spa. As its name suggests, the **Spartan** is a true leader in roto mold spa design. It's sleek, modern design not only exudes practical features, but it also blusters with features like a back lit, cascading waterfall, external LED scone lighting, hand recesses for easy portability and 100% accessibility to the plumbing and equipment. With unequalled comfort, ambience and practicality, the **Spartan** delivers a truly gratifying spa ownership experience.

The **Spartan** seating allows for versatility. You can relax in either of the two body-conforming captain's chairs. One chair is 2" wider and 2" deeper than the other to accommodate different body shapes and sizes. Both chairs are equipped with armrests. A full width bench seat enables barrier free movement in the spa and it's curved ends enable it to double as a lounger. The **Spartan** also contains a step for easier and safer entering and exiting to and from the spa. This step also doubles as a cool down seat so you don't have to exit the spa if you're feeling a bit warm.

The **Spartan** is a true "Plug & Play" portable spa. It needs no special site preparation. The bottom of the **Spartan** is totally protected and the spa can be set on any solid level surface. No electrician is needed. The **Spartan** comes standard with a 15', 120V GFCI protected cord that is ready to be plugged into a dedicated 15amp standard wall receptacle. For those who plan to use their spa for long periods of time in cold weather, it can also be converted to 240V operation for better heating efficiency.

The **Spartan** is very portable. It weighs approximately 320 lbs., dry weight, and it has built in hand recesses for easy lifting and handling. It can easily be transported in the back of most pick-up trucks, on a small trailer or in a moving truck so you don't ever have to worry about leaving your spa behind again. If you are looking for simplicity, comfort, quality, portability and affordability, then you need to join the **Spartan** force.

AN EXPERIENCE WHERE STRENGTH MEETS COMFORT!
